(786) 263-2104 | britok30@gmail.com | linkedin.com/in/kelvin-brito | github.com/britok30

EDUCATION

University of South Carolina   **Aug. 2017 – May 2019**
Bachelor of Science in Business Administration
Cumulative GPA: 3.65 - Honors: Magna Cum Laude

EXPERIENCE

Senior Front-end Engineer   **Jan. 2024 – Present**
Front-end Engineer   **Jul. 2021 – Jan. 2024**
Axios   *Remote*

- Utilized cutting-edge technologies like JavaScript (ES6+), TypeScript, React, and Next.js to develop advanced reader-engagement analytics and WYSIWYG editors, significantly boosting user experience metrics by 40%.
- Drove cross-functional collaboration with designers and project managers, effectively turning creative concepts into tangible products, and boosting client satisfaction and stakeholder value.
- Spearheaded the front-end development of a user-friendly Comments feature, enhancing platform collaboration and increasing user engagement by 60%.
- Engineered Card Templates, which helped improve content creation efficiency by 45%.
- Developed the Smart Brevity v4 UI/UX, integrating data-driven suggestions to improve writing efficiency and ensure Axios' brand consistency, enhancing user experience and content quality.

Front-end Engineer   **Oct. 2020 – Jul. 2021**
Trazi Ventures   *Remote*

- Developed dynamic front-end solutions using a robust tech stack including HTML5, CSS3, Sass, PHP, JavaScript, React, Vue, Nuxt, and Netlify CMS, resulting in enhanced user interfaces and user experiences.
- Engineered the Report Search tool using optimized HTML, CSS/Sass, and vanilla JavaScript, significantly improving user ability to quickly locate reports with custom filters, enhancing user productivity and satisfaction.
- Developed a Vue and Nuxt-powered report dashboard, significantly improving data visualization and user interaction for over 10 million records.

Front-end Engineer   **Dec. 2019 – Oct. 2020**
Carroll Bradford   *Orlando, FL*

- Drove collaborative product design and development, effectively bridging communication between stakeholders and engineering teams, resulting in streamlined project workflows and enhanced product outcomes.
- Led a high-impact initiative to revamp the front-end of the project and CRM dashboard, playing a key role in generating $11 million in project revenue in 2020.
- Enhanced team efficiency by developing a comprehensive application documentation portal, significantly accelerating the onboarding process for new developers.

PROJECTS

ArchitectGPT | *Next.js, React, TypeScript, Tailwind CSS, Firebase, Stripe*   **April 2022 – Present**

- Engineered a full-stack AI-powered architecture/interior design app, attracting over 1,000,000+ users since launch, demonstrating significant market appeal and user engagement.
